

To Our Valued Customers:

As we prepare for harvest, we ask for your cooperation with the following:

- ✓ **Store or Sell?** Notify us as each field is completed. *Grain from each field will be stored five (5) days after completion or lack of activity.*
- ✓ **Tenants** – it is your responsibility to inform landlords of grain deliveries.
- ✓ **Bushel Application to Fall Contracts** - Advise the Deer Creek office. Contract payments will not be made until we are instructed to do so.
- ✓ **New Farm Names, Splits OR Existing Farm Name Change** - Notify the Deer Creek office. *This will avoid delays at the elevator!*
- ✓ **Correct Information** – first name, last name and farm name to be provided to the scale operator.
- ✓ **Check scale ticket** for accuracy before leaving the elevator – this is your grain receipt!
- ✓ **Empty Trucks** - As a courtesy, please ask drivers to give priority to empty trucks over loaded trucks at the scales.
- ✓ **Old Grain** in the elevator at the end of September will produce a storage bill during October and due November 1, 2019. This is one year's storage.

Non GMO Bean Customers:

- ✓ **Drivers** need to **communicate** to the scale operator that they have Non-GMO beans **BEFORE** dumping!
- ✓ **Zero Tolerance** for corn in Non-GMO beans
- ✓ **Moisture** content must be below 13.8%

We look forward to serving your grain merchandising, drying and storage needs!

Thank you for your past and continued business. Have a safe and enjoyable harvest season!

Sincerely,

Kim Craig, Grain Merchandiser
